★ **ALL IN AGAIN FOR
ALLEN!** ★

All In Again For Allen!
**YOUR #1 UUSU
PRESIDENT!**

VOTE REBECCA ALLEN

ABOUT ME

Hi! I'm Rebecca Allen and I'm running to be your next UUSU President!

I'm an LLB Law with Criminology graduate, currently completing a part time LLM in Employment Law and Practice.

I have so much experience working with UUSU over the past 5 years and I hope to be able to apply what I've learned to the role of President!

MY EXPERIENCE

During my time at Ulster, I've been a course rep, Law School rep, AHSS Faculty rep, VP Jordanstown and VP Education so let me tell you why I should be your next UUSU President!

This year as your VP Education, I have been passionate about promoting sexual health education; I have loved hosting rep forums and have reflected the student opinion in the highest level meetings. I hope to be able to take this even further next year as your UUSU President!

INVESTMENT IN COLERAINE AND MAGEE

STUDENT SPACES NEED A REFRESH

While there's still work to be done to ensure the Belfast campus is the very best it can be, Coleraine and Magee campuses need more investment to be brought up to the same standard.

I want to push for investment in both the other campuses to ensure parity of experience for students studying there.

Students deserve spaces that are warm, comfortable and accessible, both for studying and for socialising! As your UUSU President, I will push to have these areas upgraded and will ensure that these spaces reflect what students want to see!

SUPPORT FOR INTERNATIONAL STUDENTS

Having the VP Equality and Belonging role this year has given us an enhanced insight into the experience of the international cohort.

This role has highlighted that there are so many ways international students can be better supported by UUSU and it's something I'd love to work on as President.

ENHANCING THE POST GRADUATE EXPERIENCE

This year, UUSU have consulted with a group of Postgraduate Researchers and there's still so much work to do in this area. Postgraduate researchers are a vital part of the UUSU community and should continue to have their voices heard!

In the coming year as President, I'd love to create a Postgraduate network to tackle the sense of isolation that can come with postgrad study.

KEEP UP TO DATE ON SOCIAL MEDIA!
