

# REECE ARMSTRONG

## #1 VP Sport & Well-being

### About Me

Well folks, my name is Reece Armstrong and I'm a final year Business with Marketing Student. This year I am running for VP Sport and Well-being. I am the current Chairman of Magee/Coleraine Hurling and the manager of the Magee Camogie team.

### MY AIMS

#### Facility

#### Development

Facilities play a massive part in our sporting journeys. Quality, vibrant facilities could make a difference for all. I will work alongside our Campus SDOs to ensure students get a full experience

#### Provide equal opportunities for all sports in their exposure

Every year, more and more sports clubs get added to our campus lists. I believe that all sports should receive equal exposures across social media platforms and have the chance to compete

#### Membership Fees

This year saw our membership prices go up. During a cost of living crisis, many students found it hard to afford. As VP, I would work hard to ensure a resolution by adding a new payment options, or more benefits involved with paying membership

#### Promotion of recreational sports

Every student deserves the chance to try as many sports as they'd like across our UU campuses. The opportunity to take part in recreational sports gives all students the chance to relieve stress and also meet new people. I'll help facilitate taster sessions across all campuses
